## Teacher Testimonials

If you asked me during my first year in China, I planned on staying for the year. At the end of the year, I'd say I'll stay another year. Here I am in my 5th year in China and with English 1 and will always be a huge part of my family and heart.

**Danielle T.**  
Director of Studies, Chongqing

I originally planned to stay in China for a year but five years later, I'm still here and now beginning my sixth year. My team has become more like a second family. In my time at English 1, the company and staff have been kind, supportive and friendly, making it easier to stay for longer than expected.

**Matt B.**  
Senior Teacher, Guangzhou

I was terrified, I didn't know as much about China as I thought but that's what made it fun and interesting. The overturned misconceptions, the changing perceptions, the discovery of who I am in a place I'd never been.
