

美国威力塔斯学校
U.S.A. Veritas Prep School

USA Veritas Prep School, accredited by the North Council for Accreditation (NCA), a recognized certification authority, is not only able to run a school in U.S.A. but also open new branches overseas. It offers secondary level diplomas & transcript records (DTR) for students if they are qualified. DTR is approved by the American education department and universities (more than 4,000) in America, and also by most universities around the world. According to the ranking among all private schools (almost 20,000) in America from 2014, the Veritas Prep School is a top 50; In 2015, it was rated the top 10% best schools by ACT

ACT认证

Veritas Beijing is the first campus in China, located in a beautiful region with convenient transportation, equipped with advanced and professional faculties. Since its starting date, most outstanding students from domestic schools evaluated by serious, systematic, and scientific assessment adopted in Veritas admission committee, have the opportunity of enrolling in the school. Most parents and students are satisfied with Veritas curriculum, the educators and the English environment of Veritas. The goal is to immerse students in a 100% authentic foreign teaching process, which motivates the students to learn, arouses their studying initiative, and will result in a successful transition studying in the U.S.A. Adhering to the classical education concept of the Veritas headquarters in America, the Beijing campus sets up teenage clubs and volunteers'leagues, sponsored by companies that care about the education of teenagers, such as Veritas Liuli Tennis Club and USIT Veritas Swimming Club. Students can get free trainings within these clubs

The goal of the USA Veritas Prep School Beijing Campus is to cultivate students'comprehensive quality based on the requirements of top universities, so that they can enter prestigious western universities. They will also be capable of adapting to the learning and living conditions in universities quickly. Some Chinese students are eliminated by top universities in the US, because they can't meet the requirements of learning goals, especially their insufficiency in thesis writing, presentation, leadership, sports activities and organization, while Veritas concentrates

优秀师资 || Outstanding Faculty Members

All faculties in Beijing branch come from Veritas in America.

Mr. Elgut is the principal of the Beijing branch. Mr. Caleb, the vice-principal, who studied at Veritas and graduated from the College of William and Mary, was once in charge of the education of international students on the Chesapeake campus of Veritas. In addition, the administration from the Chesapeake campus will guide the teaching and faculty of the Beijing campus regularly.

All the teachers on the Beijing campus have passions for teaching. We have a lot of experienced teachers in Math, Science, Physics, Logic and English as well as in some advanced courses, like SAT and AP. To maintain the high standards of Veritas, we also employ experts in sports, drama, arts, and so on. To guarantee the implementation of featured education, the Beijing campus cooperates with the Beijing Sport University, the Central Conservatory of Music and some other national key universities. The Beijing campus is also equipped with Chinese teaching consultants, all of whom have earned their master's degrees from famous international universities, and will provide guidance for students in studying.

Veritas maintains small-class sizes, each class consisting of less than 15 students, which benefits the cultivation and guidance of individuality. In addition, the teacher-student ratio on the Beijing campus is 1:6 to 1:8. This figure is higher than American public school, which reflects the idea that we highly value every individual student. Veritas Beijing campus develops individual educational plans for each student that lead them to attend top universities.

USA Veritas Prep School Beijing Campus aims to cultivate students' sense of social responsibility and perseverance. We have set up the Veritas youth sports club. With events like basketball, swimming and tennis, we have employed experts who retired from the national team and the previous school team leader from the Beijing Sport University to coach here and implement scientific and continuous training programs. Furthermore, we hope to form a soccer club next year. In social activities, we have set up student organizations like Veritas Jim- MCF volunteer service team, Veritas Ricky-Y volunteer team which serves the hearing-impaired children and other clubs, like Veritas Crystal Royal Garden Volunteer Service team, reading clubs and the Model UN. These organizations enhance students' sense of social responsibility and character.
